LUCE LIGHT

Made in Italy design and contemporary mood for Adora's Luce Light collection, designed to furnish living room, dining room and sleeping area with style and elegance. The leitmotiv of the collection, besides the light element that gives it its name, is the search for a balance between density and transparency, references and variations. The asymmetry is fuelled by the alternation of open compartments and closed volumes, and also by the coexistence of the Light Onyx effect (cold and shiny) on the tops and sides, and the Zebrano wood effect finish (warm and neutral) of the doors.

LUCE DARK

A sober and minimalist collection that emphasises asymmetries with contrasting materials and shapes. The asymmetry is fuelled by the alternation of open compartments and closed volumes, and also by the coexistence of the Portoro Gold marble effect (cold and dark) on the tops and sides, and the Zebrano wood effect finish (warm and clear) of the doors. Champagne-coloured satin-finished metal feet and handles are deliberately minimalist, to leave the starring role to furniture and display cabinets design.
